GDF SUEZ Subsidiary Appoints Robert A. (“Bob”) Wilson as President and CEO

HOUSTON – March 2, 2009 – SUEZ Energy Resources NA, the retail energy business of GDF SUEZ Energy North America serving commercial and industrial customers, announced that it has named Robert A. (“Bob”) Wilson as its new president and CEO.

A 20-year natural gas and power industry veteran, Wilson has been with GDF SUEZ for 12 years. He previously served as senior vice president of strategy, risk and portfolio management, and senior vice president of business development for GDF SUEZ Energy North America.

“I am eager to step into my new role as president and CEO of SUEZ Energy Resources, and feel well-prepared to take the company into its next stages,” said Wilson. “This is an exciting time for us and the industry, and we will continue to evolve and adapt to meet the needs of our business customers. I look forward to working with our team as we address new challenges and opportunities.”

“Bob has been a significant and diverse contributor throughout his tenure at GDF SUEZ, and I’m confident that he will lead our business to continued successes,” said Zin Smati, president and CEO, GDF SUEZ Energy North America. “Bob has the skill and the knowledge of the market that is necessary to capitalize on new opportunities as the industry changes.”

SUEZ Energy Resources NA currently serves commercial and industrial customers in 11 markets: Delaware, Texas, Massachusetts, Maine, Maryland, New York, New Jersey, Pennsylvania, Illinois, Connecticut, and Washington, D.C. The company serves approximately 30,000 customer accounts, mainly with commercial and industrial customers having peak demands ranging from 50 KW to more than 200 MW, for a total contracted load of 7,150 MW.

About GDF SUEZ Energy North America, Inc.:

GDF SUEZ Energy North America, Inc. manages a range of energy businesses in the United States, Mexico, and Canada, including electricity generation and cogeneration, natural gas and liquefied natural gas (LNG) distribution and sales, asset-based trading and origination, and retail energy sales and related services to commercial and industrial customers.

GDF SUEZ Energy North America owns and/or operates a total of 72 power, cogeneration, steam, and chilled-water facilities, including those in construction, representing a capacity of 7,750 MW of electricity generation, 6.0 million pounds per hour of steam, and 41,973 tons per hour of chilled water. The company’s wholly owned subsidiary, Distrigas of Massachusetts, owns and operates an LNG receiving terminal in Everett, Massachusetts, which began operations in 1971 and currently serves most of the gas utilities in New England and key power producers, meeting approximately 20 percent of New England’s annual gas demand. In addition, GDF SUEZ Energy North America has an offshore LNG import facility under construction off the coast of Massachusetts and another offshore LNG import facility under development off the coast of Florida.

GDF SUEZ Energy North America is part of the international energy group, GDF SUEZ.
